Laura...

Thanks. Please let me know what you find. A number of BID Consortium members would like to write letters and weigh-in against any reductions of restrictions if that is a potential. In your own CD11, Drollinger Properties is adamantly opposed to any such action.

We've heard informally that the County Director of Environmental Health (Angelo Bellomo 5050 Commerce Drive Baldwin Park, CA 91706) is considering relaxing the current standards for food truck restroom letters. We don't believe that there should be any greater reduction of health and safety standards from the minimums required of brick and mortar businesses! How unfair!! Westchester Town Center BID is opposed to any such reduced standards and, in fact would like to see the food truck standards increased and their availability limited more.

I'm thinking that we might want to alert the BID community so that they can attempt to prevent any further damage. Should we initiate a letter writing campaign?
